

SKH Holy Trinity Church Secondary School

The English Department organised a games booth as an exciting and fun activity to celebrate the school's Mid-Autumn Festival on September 19. Colourful

Chinese lanterns encouraged many students to play the games for the chance to win prizes.

The four games offered in the covered playground at lunchtime were Guess the Riddle, Word Search, Decoding a Message and Matching Words with Pictures.

Students were excited to play and enjoyed using English. Some teachers also played. You could see the happy faces when students were able to get a sticker or win a prize.

The English Department have decided to do more events like this.

They invite students and teachers to come and join the fun and games, and also enjoy using their English skills. Now is a great time to use that old saying: "Be

there or be square!"
